OVERVIEW

FG Armor Rental dba FGi Solutions are focused on providing the highest quality yet cost-effective and safe Vehicle Rentals solutions in Afghanistan.

- We offer vehicle acquisition and management solutions that delivers significant cost savings, reduced administrative hassles, increased productivity and risk mitigation to our clients.
- With offices and workshop facilities in all major cities of Afghanistan, FGi works with **local communities to cultivate jobs and stimulate economic growth**, a foundation of successful stability operations. FGi ensures all its projects benefit from well-trained and experienced professionals dedicated to delivering quality services.

ARE YOU LOOKING FOR ARMORED VEHICLE LEASE ?

Our solution for corporates works on pay for usage model rather than fleet ownership; this provides flexibility to our clients to have vehicles as per their usage taking away all the hassles of managing the fleet like servicing, maintenance, insurance, damage repair, registration renewal, replacement vehicle and end of term sale by just paying a fixed Lease Rental.

We **lease, procure and maintain** hundreds of armored non-tactical vehicles and manage the spare parts inventory to keep them operational.

ARE YOU LOOKING FOR SOFT SKIN VEHICLE LEASE ?

Why Lease?

Lease is one of the most preferred options of fleet acquisition for the Corporates across the globe as it not just brings in significant cost saving but also provides reduced administrative hassles and risk mitigation on account of resale value risk, maintenance expenses and usage patterns

- We have fleets for every need,
- Cars for Senior Managers
- Cars for Field staff
- Commercial vehicles
- Specialized (Business) vehicles
- Personal lease

Lease periods are flexible, as per customer's requirement, daily, weekly and monthly contract.

STAFF TRASPORT

On time arrival of staff is one of the challenges in Afghanistan since most of the projects and missions are critical and to be completed in given timeframe. We are here to help you!

The energetic representatives will show signs of improvement in productivity rate! To accomplish their fulfillment you have to make the everyday travel of your employees better, more beneficial and most secure.

We provide reliable pick and drop service to our corporate customers. Be it daily shuttle services for your staff transportation, or your day to day operative transportation, or transportation for conventions and trade show, etc, you can avail our transportation services as one stop solution for all your transportation requirements.

VEHICLE CUSTOMIZED FOR YOUR MISSION

Did you know that we can customize and upgrade your vehicle for your specific mission requirements?

- Certified Armor Glass Installer
- Armor Plating Installer
